Tanner C Byrd

1545 Coutant ave. Lakewood, OH. 44107. (216) 387-4412, tannerbyrd88@gmail.com

Objective-

To join an organization associated with computers or Information

Technology. I would love to work with networking or programming.

objectives are to learn more to improve myself, my skills and

ultimately any organization that chooses to teach me.

I would love to work with networking or programming

Experience-

Retail - Lead Store Associate - Aldi

December 7th, 2017 – October 21st 2019

My main roles included managing shifts, opening or closing

store, training new employees, counting inventory stock. Stocking shelves.

At the age of 17 I was able to save up for the parts needed for a

high-end Windows computer. I built that computer and still use it daily. I've made upgrades to

it and have had to reset it multiple times due to software and hardware related issues. Hardware

maintenance and computer repair would both be a strong ability of mine.

Education-

• Cuyahoga Community College (Tri-C), Parma, Ohio

• At Tri-C I major in Cyber Security.

Currently enrolled in classes relevant to my degree.
